

SOUTH lyrics

1924 Bennie Moten & T.Hayes Lyrics added 1936 by Ray Charles

Way down below that old Dixon Line Where the weather really is fine

**Don't you know just what Im talking about
you wanna find out – then come take a trip with me**

Down below that old Dixon Line Where the sun is happy to shine

Where a friendly face is common to see That's where Im longing to be

Where the folks are happy and gay where the easy way is the right way

**Where the bees make music all day
don't you know youre right next to heaven down south**

moon shine is mellow and bright where the breezes play tag with the night

Down where those sun - down gals hold you tight lawdy how I love the south
